

Benefits of New Senior Center

Suffield has outgrown the current Senior Center. The Calvary Church property will provide for the following additional programs and services.

- Safe and abundant parking
- Expanded and concurrent programs
- On-site kitchen and cafe facilities
- Daily lunch program
- Additional bathroom facilities
- New art class programs
- New lecture series
- Gardening opportunities
- Proximity to senior housing

There will also be less risk since we won't have our seniors moving furniture on a regular basis.

Looking for Volunteers

With expanded space come new opportunities for volunteers, such as lecture series, beautification and garden committee, health care topics and more

The Calvary Church property will provide opportunities for seniors to enjoy activities in the outdoors. Over three acres of attractive grounds, with both front and back courtyard areas, where seniors can enjoy meals, conversation or a good book. There are even plans for a vegetable garden.

Giftgiving Opportunities
